

# Sample Organisation User - AI Readiness Profile

RWA sample report

## Overall profile: Overconfident Adopter

**Self-report score:** 71 (Secure)

**Scenario score:** 56 (Emerging)

Confidence currently runs ahead of applied judgement. Prioritise verification, challenge habits, and stronger review discipline.

## Domain snapshot

Domain	Self	Scenario
Understanding AI	10	9
Prompting	9	8
Evaluation	7	5
Decision-making	8	6
Ethical awareness	9	8
Workflow integration	10	7
Credibility judgement	7	5
Confidence	11	8

## Recommended next step

Use the 24-item self-report plus the scenario-based diagnostic together. Review the largest domain gaps first and translate those into practical exercises, coaching conversations, or workflow rules.
